With political candidates announcing for the May, 1962, Democratic Primary, Milam County can look at its position in political representation and see the value of new perspective.

Just announced is a McLennan County legislator, Murray Watson, for state senator from Milam - Bell McLennan Counties. The post is, to be vacated by Sen. Jarrard Secrest, who has announced for lieutenant governor.

Throughout our structure of state representation, Milam County has been represented for years by officials from other counties.

Rep. Herman Yezak is from Robertson County. Sen. Secrest is from Bell County. First candidate for his post is from McLennan County. U. S. Rep. W. R. Poage is from McLennan County.

102 - 102 - 102

There is an additional county added to our state legislative district, Burleson County, making it Milam - Robertson - Burleson. It is the only alignment of a district where Milam County has greater population than sister counties within a district.

Milam is smallest in population of the three state senatorial district counties. In the federal legislative lineup, Milam again is less in population in comparison to McLennan, Bell, but larger than Falls County.

The practical problem of being a smaller voice in conjunction with Bell and McLennan Counties gives rise to the problem of the '60's that of not only being heard, but attended.

102 - 102 - 102

To have a real voice in future representation, Milam Counties, like all substantially rural counties, must tell the candidates what they want, not just shake their hands and accept their campaign cards. Ours is a problem of voting for Milam County as well as candidates.

The transition of agriculture, the prospects of new industry, the abundant differences in Milam's requirements for the '60's make it fundamental for our representation, if not specifically identified with Milam County, to be well informed on the basic interests of this area.

## Mart Legislator Announces For State Senator

Representative Murray Watson, state legislator from McLennan County, has announced his candidacy for state senator for the Milam - Bell - McLennan district. He was the first to announce for the post.

He was in Cameron over the weekend, meeting constituents. Rep. Watson is seeking promotion to the office now held by State Sen. Jarrard Secrest, Temple, who has announced for lieutenant governor.

McLennan County's Place 3 representative for the past six years, Watson is considered a conservative on taxing and spending matters.

He says he has been recognized for his efforts to get adequate appropriations for worthy state governmental projects.

Watson is a graduate of Mart public schools and Baylor with business and law degrees. He now practices law in Mart and Waco.

His was the second announcement for state office in the past two weeks. Sen. Secrest has announced he will seek the office of lieutenant governor.

"I shall make every effort to campaign with each citizen and in each community in Milam County. It is my belief that the people of Central Texas want a senator who is familiar with their needs and will devote his time to their problems," Watson said.

## Programs Told For Presbyterian Youth

The senior high council of the First Presbyterian Church met Monday night to discuss forthcoming programs and projects.

Members present were Frances Jackson, Linda Miller, Nelda Parker, Kathy Schofield, Josey Jackson and Jimmy Woodum.

Milam lodge No. 125, Knights of Pythians will hold their Annual Roll Call Meeting 7:30 p. m. Monday November 20 at the Pythian Hall, Odd Fellows Building.

Members will kick off their drive for the Thanksgiving and Christmas Fund for the Pythian Home located in Weatherford, Texas.

## Parking Issue Hit

# Group Votes Meter Removal

About 20 downtown merchants Tuesday voted to recommend the permanent removal of parking meters to the Board of Directors of the Cameron Chamber of Commerce.

The group heard a report from Mayor Coleman Duncum on the implications of removing the meters on any basis.

Duncum and members of the City Council listened to individual comments from the group, meeting with the retail trade committee of the Cameron Chamber at the Citizens Room of the Citizens National Bank.

Sentiment of the group was almost unanimously against the meters. Comments ranged from the idea that meters were disliked by rural shoppers to the point that larger towns were attracting trade to shopping centers because there were no meters.

Mayor Duncum said that meter revenue for the current year had already been budgeted and that removal of the meters would require a cutback in funds somewhere, either in streets or some city services.

He said about \$5,000 is already budgeted from anticipated revenue. Duncum noted that a city election in July, 1957, showed a vote of 422 to 103 in favor of keeping the meters.

One businessman said he felt the situation had changed since that election.

Duncum recalled that a group of merchants had come before the Council a year ago asking for the trial period without meters, but had not returned with a survey of merchants which was asked for by City Councilmen.

A motion to remove the meters on a trial basis was made but was later amended to say "permanently" for the final resolution.

Personal comments included: "These people are mostly downtown merchants. If meters are hurting, take them out for a trial period."

"Rural customers say they don't like them. We're losing business to Rockdale where there are no meters."

"Rural people don't understand meter stickers used by merchants and think they are getting tickets

## LOCAL LIBRARY OPENS DOORS AT NEW LOCATION

The Cameron Public Library opened its doors in a new location this week, following a weekend move into new quarters at 112 E. First St.

Mrs. Tom Wardlaw, librarian, announced operating hours for the four - unit Cameron Library.

They are Tuesday through Friday, 2:30 p. m. to 5:30 p. m.; Saturday, 8:30 to 11:30 a. m. and 2:00 p. m. to 5:30 p. m. The Library is closed each Sunday and Monday.

City workmen, volunteer workers from the Yoe High School Library Club and library board members assisted in the move from the old building at Cameron Field to the downtown location.

The brick structure houses the 3,000 volumes in four separate rooms: the checkout room which also contains children's books, room for adult fiction, a reference room and a room for book repairs and storage.

Library personnel were busy this week placing books in shelves, marking them and arranging furniture in the various rooms.

Dr. George Bowman, president of the Cameron Library Board, invited all Cameron and North Milam residents to visit the new location this week, which is National Book Week.

One Board official said additional shelving would be needed in the near future as new volumes were being added. And some tables would probably be needed for two of the separate reading rooms.

But officials said the new facilities provided about twice as much space as well as individual sections for fiction and non-fiction categories of books.

It was the first major step in the Cameron Library program ultimately aimed at constructing a new building on a site aside by the City on E. Fourth St.

Now vacant is the frame, barracks - type building that housed the Library for six years. One official said Cub Scouts are interested in using the structure for a meeting hall.

## P-T Club Hears

## Ed Schiller Speak On Dope Addicts

The St. Anthony Parent - Teachers Club met at Simon - George Hall Tuesday to discuss final plans for the school's Thanksgiving Carnival and heard guest speaker Ed Schiller speak on the effects of narcotics on addicts.

Schiller listed use of narcotics as a major source of crime in the United States and he explained how "pushers" attempt to get young people started on dope in order to keep their business going.

A man addicted to heroin, Schiller said, spends about \$12,775 per year to satisfy his habit. Few people are able to "kick the habit" once they start, he explained.

He said there are no known addicts in Cameron at present, but that an experienced person can spot one. He gave statistics from the State Department in Austin which said there are 1,600 known addicts in Texas.

Refreshments were served by hostesses Mrs. Harold Darby, Mrs. Ed Mcatee and Mrs. Wallace Small.

The first grade won attendance prize with sixteen parents present for that grade. Other grades represented followed closely. The attendance prize was set up to encourage parents to come to the PTC meetings regularly. A baby-sitting service is offered free of charge in an ante - room of the Hall.

## Annual Gardening Is Program Topic For Fleur - de - lis

The Fleur - de - lis Garden Club met at the home of Mrs. Luois Holley Tuesday evening with Mrs. Monroe Fuchs presiding.

Mrs. John Schigut and Mrs. Gene Friemel presented a program on "Year - Round Planting" covering methods of planting soil preparation and planting time for this area. During the business meeting Mrs. James Wiggs was named chairman of the nominating committee with Mrs. Alton Fuchs and Mrs. Louis Holley, members.

Following the meeting co - hostesses, Mrs. Monroe Fuchs and Mrs. Holley, served a desert pate, coffee and tea.

## Schroeder Addresses

## Lions, Installs 5

Dist. Lion Gov. Herbert Schroeder, installed five new members in the Cameron Lions Club Monday and told his audience of the history of the city civic club.

A native of Milam County, Gov. Schroeder said that the Cameron Lions Club is the second oldest in his district. The Cameron club was organized in 1923. Two charter members, Oxsheer Smith and J. C. Martin, are still active in the club.

Installed were: Byron Wise, Don Humble, Porter Young, Charles Elmore and Cornelius Titsworth.

## St. Anthony School Carnival Wednesday

The Parent - Teachers Club of St. Anthony School will hold their annual Thanksgiving Carnival Wednesday, Nov. 22, beginning at 6 p. m. at Simon - George Hall.

Proceeds from the popular carnival, now in its fifth year, are used to buy chairs, desks, books and other school supplies for St. Anthony's school.

Featured at the carnival this year will be a cake wheel, gift shop, country store, fish pond, hot dogs, kolaches, pies, tea and coffee.

PM

Mr. and Mrs. Jerry Schiller and daughter Marcia and Mr. and Mrs. Littleton Barrett were Sunday supper guests of Mrs. Schiller's parents, Mr. and Mrs. Joe Krall in Buckholts.

## Parade Plans

## Units Sign Up

Chamber Manager Jack Dubois said today that Boy Scout and 4-H Club groups have already signed up for the Santa parade December 1 in downtown Cameron.

He said Scout groups were invited to participate in the annual Christmas parade along with civic groups, private concerns, churches and school organizations. Santa Claus will make his 1961 debut in Milam County and will be a feature attraction among a host of floats and marching units in the parade.

About 7,500 people attended the parade last year and a similar number is anticipated this year.

Santa Claus will bring up the rear of the parade column and meet hundreds of Milam County youngsters at the Courthouse following the parade.

Cash prizes will be awarded for the best floats with judging on overall beauty, originality, workmanship and theme.

Gifts of candy will be given out to children visiting Santa on his annual visit.

# Milam Debt Free, Wins 3 Of 6 Stars

The East Texas Chamber of Commerce has awarded Milam

County three stars under an annual tax survey.

Six bases are used on the East Texas Chamber's rating system, the report shows.

Major point of the survey showed that Milam County is virtually debt free.

One of the stars was awarded because Milam County's indebtedness showed to be practically zero. The average county in Texas is in debt \$32.64 per person and the average per capita debt in the East Texas area is \$27.24.

Other stars were for:

Ratio of net funded debt to assessed valuation below the state average of 2.4 per cent. Milam County had a \$10,925 debt as of December 31, 1960, the report showed. The ratio was computed to be less than .1 per cent.

And the county ended the 1960 year with a cash balance in all funds. Figures showed that the county began the year with \$181,438.88 and ended the year with \$164,395.07.

The County did not receive stars on three other points of the East Texas Chamber rating system which included:

-Operating tax fund rate of 95 cents per \$100 was above the state average.

-The County collected 93.56 per cent of the tax year ending June 30, 1961, just below the 95 per cent requirement for a star from East Texas Chamber.

-County did not operate under the receipts budget of \$558,063 when actual receipts were \$633,975.86 while expenses budget was \$519,497.01 and actual expenses were \$650,538.87.

## 2 DIE SUNDAY

## ON SAME CURVE CAR OVERTURNS

The second auto accident in four days at the same curve on US 190 sent five people, four from Cameron, to hospitals Wednesday morning.

Just last Sunday night, two Texas A & M students were killed on the US 190 curve 2.5 miles west of Branchville. They were the sixth and seventh 1961 traffic fatalities in Milam County.

At 6:30 a. m. Wednesday, vehicles driven by Herbert Ray Butler, 28, of Cameron, and Dr. T. A. Searcy, of Hearne, collided at most headon, State Highway Patrolman Jack Straley told The Herald.

Butler is recovering in St. Edward's Hospital from a broken left leg.

Three passengers with Butler were being treated:

Charles Edmondson, 28, of Cameron, in St. Edward's for chin lacerations.

Luther Edmondson, 19, his brother, in St. Edward's for observation.

Jack Raney, 20, of Cameron, at Newton Hospital for X-rays of possible injuries.

Dr. Searcy, a physician, was taken to Hearne's Searcy - Fleming Hospital for treatment of minor injuries.

Butlers 1961 Studebaker was going east on US 190 to Hearne where the four men work. Dr. Searcy's 1960 Ford was going west, Straley said. Both vehicles were rated nearly total losses.

The same curve claimed two lives 7:10 p. m. last Sunday.

In a one - car accident, Patrick Lee James, 18, of Rt. 4, Rosebud, and his passenger, Clebeart H. Jones, 19, of Longview, were killed instantly when James' 1961 Lancer went off the road and turned over.

Maysfield JP John Thweatt declared their deaths accidental at an inquest shortly after the fatal accident happened. The bodies were brought to Marek - Burns Funeral Home, then sent on to Rosebud and Nacogdoches. Jones was buried in Nacogdoches.

The two A & M freshmen were returning to College Station after visiting at James' home.

## School Carnival

## Set For Dec. 4

The annual all - school carnival at Yoe Campus will be December 4, according to YHS Principal Jerold Underwood.

Definite plans for class performances and special activities for the carnival had not yet been made, Underwood said.

BUZZARD HITS WINDSHIELD -- The shattered windshield of a car driven by Mrs. Nora Lee Zavodny, of Cameron, shows the result of a buzzard hitting the glass. At left is her son, Bobby Lee, 4, and barely visible behind the shattered

ed window is Mrs. Zavodny. The buzzard swooped into the windshield about 11:30 a. m. Sunday while Mrs. Zavodny was driving east toward Cameron on SH 36.

# State Cotton Report Up

By J. D. Moore  
Milam County Agent

Texas cotton production, based on November 1 conditions is forecast at 4,750,000 bales by the Texas Crop and Livestock Reporting Service.

A crop of this size will be 9 percent above last year, 21 percent above average and has been exceeded only 7 times in 95 years of record. The record high, 6 million bale crop was produced in 1949. This November 1 estimate is 200,000 bales above a month ago potential as harvest.

MILAM COUNTY BALE NUMBER DOWN  
12,000 plus bales have been received at the local compress of Milam county cotton. Approximately 12,500 bales is estimated yield for the 1961 crop. Milam county was allotted 56,861 acres for this year. Figuring normal average production at 1-3 bale per acre, we should have made better than 13,500 bales. Actually, Milam cotton farmers did not plant the full allotted acres in 1961. In fact, Milam farmers will need to check their soil fertility, insect control, etc., in order to raise our average yield from a third up to 1-2 to 1 bale per acre if cotton production is to continue as a competitive enter-

## St. Anthony's

### 4 - H's Meet

The St. Anthony's Boys and Girls 4-H Clubs met Friday. The clubs discussed the Pecan Show scheduled for December 9 and the Livestock Show, January 20.

Mrs. Frances Johnson and Pat Garner discussed the first aid kit along with the club.

### COTTON FLOW UP DATE

November 30 is the date set for the destruction of all cotton stalks in Milam county. This measure was put in force by the pink bollworm quarantine regulations through the State Commissioner of Agriculture which reads: All cotton plants must be destroyed by midnight of November 30, 1961. Said destruction may be accomplished by plowing under the cotton stalks or destroying them by use of a rotary type stalk shredder. Cotton stalks standing in any field from December 1 to March 20, 1961 shall not

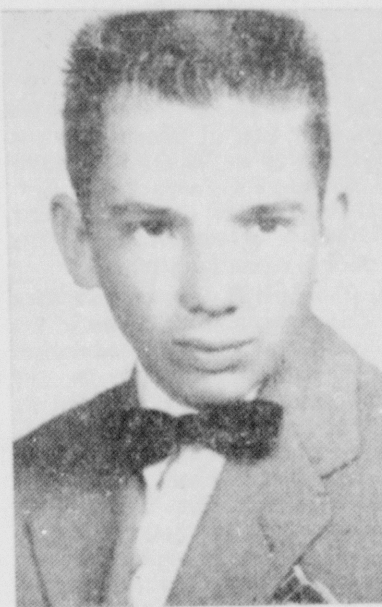

be within the authorization conferred herein, and therefore, shall be in violation of the afore said Texas Pink Bollworm Law.

### WHO IS RESPONSIBLE

The grower that planted the 1961 crop and the landowner in case of rented or leased land are jointly responsible for getting the 1961 cotton stalks destroyed. This should be understood at the time the cotton is planted. Extension of deadline dates are permissible through the State Commissioners office only in case of unavoidable circumstances.

## COTTON REPORT

Spot markets remained moderately active. The demand for spot cotton was increasing. Spot prices were steady. Producers continued to offer freely. Domestic mill and foreign inquiries were not numerous. Wet fields and low temperatures slowed harvest.

Prices for middling 1" cotton held firm in the markets this week quoted Wednesday, November 8, at 33.15 cents in Dallas and Houston 33.25 cents in Galveston and 33.00 cents in Lubbock, unchanged from Thursday of last week. There were some adjustments in discounts for some of the lower grades in the Lubbock market. Cotton harvest was slow during most of the week as fields in most places were still wet. A cold front over the past weekend dropped temperatures to as low as 35 degrees in the Dallas area. A hard freeze stopped plant growth as far south as Lubbock with some frost in the Dallas area Monday morning. Skies cleared and hand labor was again in the fields by Monday afternoon. The larger percent of the cotton was ready for harvesting machines of all types to operate. Gins in the late producing areas had caught up with their backlog but were falling behind again by Wednesday as machines began to operate. Producers continued to offer current ginnings freely when prices were equal to or above loan values.

## 4-H Club Notes

By Pat C. Garner  
Ass't. Milam County Agent

The program in all school 4-H Clubs for November is "How to Give a Team Demonstration." The Extension agents are presenting a sample demonstration on a First Aid Kit. They demonstrate how to make such a kit, what it should contain, and how to use the materials in the kit.

Team demonstrations are an important part of 4-H teaching.

They use the concept of sharing knowledge one has gained with other people.

4-H member smay choose any thing that interests them as a topic for their demonstration. The county contests for 4-H Team demonstrations will be in March, 1962 and the District contest will be in April, 1962.

Demonstration contests are Beef Cattle, Dairy, Dairy Foods, Electric, Farm & Ranch Management, Poultry Marketing, Public Speaking, Farm & Home Safety, Soil Water & Range Conservation, Vegetable Preparation & Use and Vegetable Production & Marketing

## Milam ASCS

### Report

By Milam County ASCS

The County Committee meets at the ASCS office in Cameron every Wednesday. Members are Ted Ford Chairman; Fritz Doss, vice chairman and F. H. Scarborough, Regular Member. At the last meeting of the committee, Ted Ford reported that in driving through his part of the county, that is Baileyville where he resides, he has noticed that due to good moisture and warm weather oats have made a good stand throughout the area. Ford says that Ira L. Burns, whose farm is located in Baileyville, has an especially good growth of oats and clover.

Weather conditions this fall have also been excellent for putting out coastal bermuda sprigs and those whose soil needs an application of lime to absorb excess acid should apply this practice now. While lime is an ACP practice for this time of the year, coastal bermuda sprigs are not included in the approved fall ACP practices, but will be included in the early spring practice next year.

Sign - up for the 1962 Wheat Stabilization Program has been rather active, but time is growing short and those who plan to participate should sign an application prior to December 1. Saving wheat acreage now will mean good interest in the form of better yields in later years. All diverted wheat acreage must be placed to a conservation use and thus allowing the land to rest and rebuild its fertility thus retaining the productivity of the land.

The total number of wheat acres diverted thus far is 47.7 acres and total advance payments made thus far is \$1443.51.

### PLANT BOOKLET

A revised edition of the Plant Disease Handbook for Texas, first published in 1957, is now available.

Some 255,000,000 bales of cotton have been grown in Texas since 1822.

Texas owned an estimated 8,500,000 head of cattle worth approximately \$561,000,000 in 1955.

### Clarkson — Kohrings Host Weekend Guests

By Mrs. J. A. Blasienz

Mr. and Mrs. Otto Mayer, Mrs. Lawrence Kostrum and Johnny accompanied by Mrs. Thomas Polk of Burlington visited relatives in Waco recently.

Mrs. Amos Doskocil visited Mrs. Ed Stuessell of Rosebud Monday afternoon.

Mrs. Nelson Kohring and her sister Phyllis Doskocil of Irving visited Mr. and Mrs. Alfred Kohring here last weekend and their grandmother Mrs. John Meek of Burlington. Other guests in the Kohring home on Sunday were Mr. and Mrs. Finis Voyle and daughter of Sharp.

Mrs. Charles Burnett of Hearne visited in the Bill Harrison and Hubert Skala homes during the week.

Guests of Mr. and Mrs. T. J. McVey and Mr. and Mrs. Frank Skala and family recently were Mr. and Mrs. Charles Vitasek and son of Dallas.

Mr. and Mrs. Jack Briggs and children of Ft. Worth spent the past week end with her mother Mrs. F. D. Dodd.

Mr. and Mrs. Leonard Doskocil and children of Burlington, and Mr. and Mrs. Billy Stuessell of Temple.

Mr. and Mrs. J. A. Blasienz attended the Franklin family reunion held at Ledbetter Park in Cameron Sunday.

Approximately 40 people were present for this occasion. They were from Lubbock, Hale Center, Holland, Rogers, Rosebud, Calvert, Freeport, Brenham and Cameron.

An acre foot of water is 325,851 gallons — the amount required to cover an acre to the depth of one foot.

### HOLIDAY REUNION

We notice that around Thanksgiving and Christmas, folks seem to be more friendly! That November chill in the air forecasts warm happy days for the family and old friends. It's the time of year seemingly set aside for homecomings and well wishing. How do we at the Telephone Company know? It's easy! We have to plan months ahead of time to schedule enough operators to handle the increase in long distance calls. We also know that we will need to provide more maintenance facilities and equipment to insure dependable service at these peak loads.

A more recent service which really gains in popularity at this time of year is what I think of as the "Family Reunion Call". It's the same thing as a "Conference Call" with a different purpose in mind. With family and friends scattered all over our expanding country it's mighty difficult sometimes to make it home for the holidays. There is no reason, though, why the gang can't enjoy a reunion right on the telephone — all at the same time. A conference call is probably less expensive than you think. For instance, the minimum period rate for a reunion between Cameron, Ft. Worth and San Antonio is only \$2.40 plus tax. What better gift than just being together? If you would like for us to give you the rates for your telephone reunion, just call our business office OX 7-4601. And a hint: place your calls early and by number . . . you will save time and money.

### CHRISTMAS SURPRISES FROM PHONELAND

It's not too soon to start thinking about your Christmas shopping list.

If you have as much trouble as I do in selecting just the right thing for those especially close to you, why don't you visit or call our Christmas Phoneland in the telephone business office. You'll find a host of exciting, new and colorful telephone services that are sure to surprise and please.

Here are a few suggestions: a colorful extension phone for mother in the bedroom, kitchen or sewing room . . . or in the den or workshop for dad. You can be sure a phone for the teenagers will be well received. Choose from a table model, wall phone or the lovely little "Princess" with the light-up dial.

For family, we offer "Home Interphone." It lets you talk from room to room, answer the door, and take outside calls without racing through the house. A real stepsaver for everyone. Or maybe you want the pleasant musical tone of the "Bell Chime."

To announce your surprise, be sure to ask for the free bantam "Princess" phone to place under the tree. It makes a wonderful child's toy, too.

Why not visit or call our Christmas Phoneland in the business office and order the services you want this week.

Call by number. It's twice as fast.

# Yoemen, Tigers End Season With 27-0 Performance

Billy Bate's squad of Fighting Yoemen, headed by Amos Doskocil and Ernie Bayer, spoiled homecoming festivities for the A & M Consolidated Tigers last Friday night by handing them a 2-0 gridiron defeat.

Doskocil totaled 189 yards carrying the ball. He scored one TD and was the prominent yard - gaining devise in another.

Bayer picked up 99 yards and scored twice; from the eight yardline in the second quarter and from the 13 yardline in the third period.

Craig Wallace accounted for the other Yoe touchdown on an 18 yard dash to the middle in the first quarter, climaxing a 69 yard trot by Doskocil. Jimmy Woodum ran over a two point conversion and Ronald McWilliams kicked a field goal to wrap up the rest of the Yoemen scoring.

The game was the last of the season. It gave Cameron a record of 6 wins, 8 losses and 1 tie. Their district record is 2-2.

Eugene Schattle, Bob Dymke and Bayer led the Yoemen defensive attack.

Jim Carroll was the leading Tigers ground - gainer with a total pickup of 85 yards. The Tigers showed good passing potential but lacked left receivers. They completed 4 of 11 tosses for 44 yards.

## FIRST QUARTER

The Tigers received the opening kickoff and carried to their own 37 yardline. Carroll picked up 5 yards, Jimmy McAfee 1, Carroll 0, and then Carroll booted 35 yards, Cameron taking the ball on their own

22 yardline. Doskocil took the ball on the first play from scrimmage and raced around right end, couldn't find running space, so he zig-zagged back up the middle and ran the 78 yards to the goal, for the first Cameron TD with just two minutes and four seconds gone in the game.

Ronald McWilliams booted good the extra point, giving the Yoemen a 7-0 edge.

Carroll took the ball from scrimmage following the kickoff and carried 9 yards. McAfee was stopped at the line of scrimmage and Carroll thrust over for a one yard pickup and first down. Carroll was stopped at the line next time out. McAfee got 5 and Carroll 1, forcing the Tigers to punt good for 34 yards.

The Yoemen took control on their own 13 yardline. Again on the first play from scrimmage, Doskocil raced 69 yards, 18 short of a touchdown. Wallace carried up the right side on the second play for the score. The kick attempt for the extra point failed.

A & M took the ball on their own 29 following the kickoff. Russell Welch got a yard, Carroll passed to Feldman for a 22 yard completion. McAfee got 3, Carroll 3, Harvell 3, McAfee 5, and Carroll 4. A pass missed and the Tigers fumbled on the next play, giving Cameron the ball on their own 26 to get the second quarter underway.

## SECOND QUARTER

Doskocil picked up 7, Bayer 8, Doskocil 8, Bayer 0, 6, 7, and 6. A pass went incomplete, Wallace got 8, Bayer 4, Doskocil 8 and 3 placing the ball on the Consolidated 13 yardline.

Bayer carried 4 consecutive times, the last for a touchdown from the 8 yardline. Quarterback Jimmy Woodum carried over for the two point conversion.

Consolidated took the kickoff and carried to their own 39 yardline. Carroll got 4, Harvell 3, and Carroll 6 for a first down. Carroll missed with a pass and picked up 5, Harvell got 6 for another first. One pass went incomplete; another went from Welch's hands to Larry Randolph for a 13 yard gain. Another pass missed the boat and Dan Brahear intercepted the next toss on the 12 yardline and ran it back to the 45. A penalty against the Yoemen caused the play to be called back where they took control at the 12.

Woodum picked up 2 yards on a keeper play to end the first half of play.

## THIRD QUARTER

The Yoemen returned the kickoff to their own 33 yardline. Doskocil was thrown for a three yard loss, got 15 and 4. Bayer got 4, 1, 26 and 5 before losing 7. A pass went incomplete and Cameron lost the ball on downs.

Carroll was stopped at the 10 yardline and chose to quick-kick. Cameron took over on the 34. Doskocil got 3, Bayer 5 and Bayer another 2 for a first down. Doskocil got 6 and 5. Bayer drove over from the 13 yardline for the touchdown and the final Cameron score of the 1961 football season.

The Tigers carried the kickoff to their own 35 yardline. Carroll was stopped at the line and Cameron recovered a fumble on the next play. A five yard penalty gave

the Yoe the ball at the A & M 47.

## FOURTH QUARTER

Joe Mayer got a yard; Wallace was stopped at the line of scrimmage, but got 11 on the next play. Anderle punted to the Consolidated 7 yardline, 31 yards away.

Carroll got 7, Welch 4, Carroll 0, McAfee 7, Carroll 12 and 7. A 15 yard penalty was stepped off against the Tigers. Carroll completed a pass to Welch good for a 4 yards, but not enough to a first down.

Cameron carried the ball to the Consolidated 37 on a two yard pickup by Joe Mayer. A fumble gave Consolidated the ball at the 37.

The Tigers carried as far as the 15 yardline before running out of gas. The Yoemen took over and ran out the clock to wrap up the 1961 gridiron season with a 27-0 win over the Tigers.

## Hearne To Clash With Georgetown For Title Crown

Football action for 19AA drew to a close for 1961 last Friday night with gridiron action at College Station and Caldwell.

The Hearne Eagles, flawless during the season with a record of 10 wins and 0 defeats claim cream-of-the-crop honors. The Eagles had an open date last Friday night.

They will lock horns with the Georgetown Eagles tomorrow night in Georgetown for their bi-district title. The Eagles tied the Taftor Ducks last week, 13-13 but had 1 first downs to Taylor's nine to give them 22AA representative honors.

The nearest thing to defeat for the Hearne crew was the 12-7 score in which they edged the Yoemen three weeks ago. That tilt was the deciding one for the 19AA championship.

The Yoemen went downhill from there. They lost to Rockdale 16-0, the following week but revived in time to shellack A & M Consolidated last week, 27-0.

Rockdale acquired the second berth in 19AA with their 19-15 win over the Caldwell Hornets last week. This win by Rockdale gave them a 3-1 district record and dropped the Yoemen to third place with a 2-2 district mark.

The Tigers were the surprise team of the year. Pre-season predictions picked them as the cellar team due to lack of experience, size and depth. They came on to topple Consolidated by some twenty points; dropped the Yoemen, 16-0 and then Caldwell, 19-15. Cameron, tabbed as district winners by pre-season predictions were edged out by the Eagle's meager five points; therefore pulling some spark from the flame and losing out to Rockdale.

Against Consolidated the Yoemen looked more like themselves and played flawless ball in their 27-0 win.

Here are final season and district standings:

DISTRICT STANDINGS	
Hearne Eagles	4 0 0
Rockdale Tigers	3 1 0
Cameron Yoemen	2 2 0
Caldwell Hornets	1 3 0
A & M Consolidated	0 4 0

SEASON STANDINGS

Cameron Yoemen	6 3 1
Rockdale Tigers	5 5 0

## VIEW ON SPORTS

— WITH ROBERT MANN —

Fourteen Yoe High School seniors donned Yoemen football uniforms for the final time last Friday night. Gone are the days of high school gull sessions, long hours of practice and for some, grid iron glory.

There are those, maybe two or three, who will go into college football; one, maybe two, will succeed.

There are others who will never play another game. They will turn their interests to other things; but never will forget the days as a Yoemen.

Here is a list of those fourteen to whom homage should be paid: Jimmy Woodum, David Walston, Carroll Richter, Ernest Bayer, Frank Janek, Stanley Kirk, Bobby Hillman, Joe Hosch, James Ed-

wards, Johnny Krenek, James Anderle, Thomas Leonard, Dan Brashner and Johnny Richter.

Yoemen fullback and four-year letterman, Ernie Bayer, has received word from practically every major college in the state concerning their interest in his athletic abilities.

As yet, he has no definite plans to go to college, but strongly considering two or three offers.

Thomas Leonard, Yoe Senior end, injured in the Cameron-Consolidated tilt is reported to be fairing well.

He suffered a bad sprain in his ankle but no broken bones according to X-rays.

## Buckholts Ends Season With 46-0 Win Over Jarrel

The Badgers of Buckholts ended the football season on a good note by downing Jarrel, 44-6.

The victory boosted the Badger's seasonal record to seven victories with only two losses. The tilt gave second place in District 10B to Buckholts.

Bobby Malovets, senior halfback skirted around end in the first period for 27 yards. Jack Ruzicka hit Pat Wallace for the PAT.

Later in the period, Ruzicka picked up a loose pigskin and dashed 37 yards to paydirt.

Beginning the second quarter, Morris Jones blasted up the middle for 23 yards and a TD.

Senior halfback, Pat Wallace rolled around right end for 12 yards for the Badger's fourth TD. Ruzicka ran down the side - line for 67 yards to end the half - time scoring.

Bobby Malovets, ending his high school football career, bulled over from the 5 yardline in the third quarter.

In the final period Lawrence Hanke connected with John Zajicek for 44 yards. Hanke ran the PAT. The Cougars finally developed enough steam to score. Milton Vral passed to Mike Wiley for the TD.

Miss Mauldin Weds Billy Lester Saturday

Miss Connie Mauldin and Billy Ed Lester were married at 2 p.m. Saturday in a ceremony witnessed by close friends and family at the home of the brides parents, 312 South College.

Parents of the couple are Mr. and Mrs. Roy Mauldin, Cameron and Mr. and Mrs. Lonzo Lester, Rose Bud, Arkansas.

The Rev. Kenneth Haley, pastor First Christian Church, performed the double ring ceremony before the fireplace which was decorated with large white bells and candles entwined with greenery.

Wedding music was furnished by Miss Peggy Mullinax. Miss Viva Haney, soloist, sang "Always."

Given in marriage by her father, the bride wore a tailored wool suit of royal blue with pom pom buttons. Her accessories were pearl earrings and a small black and white velvet hat. She carried a bouquet of white carnations centered with a purple orchid.

Serving as maid of honor for her sister was Miss Mona Mauldin. She wore a pale pink two piece suit of wool. Her corsage was of white carnations.

Charles Kirk served as bestman. The brides mother wore a beige and brown fall costume of shantung. Her corsage was also of white carnations.

Pleasure Profit Has Thanksgiving Meet

The Pleasure and Profits met Thursday in the home of Mrs. Ernest E. Dodd. Cake and Coffee were served to the group.

The meeting was opened with a prayer and members answered roll call with something they were especially thankful for this year.

Mrs. A. F. Russell was the guest speaker. A Golden arrangement with an open bible and oil lamp was used to carry out the Thanksgiving theme.

Miss Louis Randolph, president, closed the meeting with this thought "The heart that gives, gathers."

## Laneport Ups City's Industrial Hopes . . .

Cameron had best be getting her industrial planning ready.

In a few years, there will be completed a 5,200 - acre reservoir at Laneport, just a few miles from Milam County's western border.

Confirmed last week by a report from the U. S. Army Corps of Engineers, the Laneport project got the nod over two proposals for dams north of Georgetown on the north and south forks of San Gabriel River.

The dam will have about 329,000 acre feet capacity including 212,800 acre feet of conservation storage and 116,500 acre feet for flood control.

Final approval before any land purchases in the Laneport area or construction starts must be given by Board of Engineers for Rivers and Harbors in Washington.

Impact of such a major water project has not been fully realized in this area. It will provide water control of the San Gabriel that has contributed to Milam overflow for years. It will provide storage of water for industrial and other uses, including irrigation. It will put \$24,000,000 in circulation including interest.

First announcement of the project came about a month ago when a U. S. Study Commission recommended the Laneport Project as part of a crash program of nine Cen - Tex dams to Gov. Price Daniel. The Brazos River

## 'That Grass Is Not So Green' . . .

Boosters of National Farm - City Week, being observed Nov. 17 - 23 throughout the country, ask special understanding of the farmer and his problems.

A speaker last week at the Cameron Rotary Club appealed for us "city folks" to understand the problems of the livestock producers, who thus far, are the only segment of agriculture that has escaped federal controls. He pointed out that only 11 per cent of the American people now produce food and fibre for the nation.

Residents of the agriculturally oriented towns like Cameron do seek to understand and appreciate the farmer's problems. The farmer still sustains us, though our basic economy has been expanded by industry in the past few years.

It speaks well for agriculture that the Milam Farm Bureau two weeks ago urged to the state organization that communities should promote development of industry. Therein lies recognition of the small city's interests and potential as well.

## A National Book Week Move . . .

Cameron's Library move was in time for National Book Week, which continues through this weekend.

Leaving behind the old dilapidated frame structure, the Library now finds its home at 112 E. First St., on the north side of the square.

Praiseworthy are the efforts of the Yoe High School Library Club, City officials who voted assistance for the move and numerous others who have contributed to the library improvement program in the past year.

Work will be underway this week to put all the books on the shelves and arrange them in convenient reading areas. There is approximately twice as much room in the new location and there will be two separate reading rooms as well as a reference room and space to repair books.

Ranger

*"... in the high tradition of the service..."*

In the early dawn of a summer day, 1911, four Texas Rangers stood guard over a new Red River bridge. Gov. Alfalfa Bill Murray of Oklahoma had opened it, in defiance of a Federal injunction. Gov. Ross Sterling of Texas ordered Ranger Capt. W. W. Sterling to close it. He did and it stayed closed. During the word war that followed, Capt. Sterling heard that Oklahoma's Adj. Gen. Barrett was dispatching the military to the scene. "If you're sending a brigade," Sterling told him, "I'll keep all four of us here. If it's only a regiment, I'll let a couple of my boys go home." William Warren Sterling, 1891-1960, was typical of the high tradition of the Rangers... strong, straight, colorful. Joining the service in 1915, he held every grade, becoming a Ranger Captain in 1927. Shortly after, Gov. Ross Sterling named him Adjutant General. Leaving state service in 1933, he later entered the Army and retired as a Colonel in 1944... another Ranger who makes Texans proud to be Texans.

Texas never could have become a great state without the courage and devotion to duty of her lawmen... nor without the commerce and industry that have provided prosperity and the good life. The brewing industry has provided payrolls and the pleasures of moderate beverages, revenue and relaxation. "Beer belongs." The United States Brewers Association is constantly at work with brewers, wholesalers, retailers and local authorities to assure the sale of beer and ale under pleasant, orderly conditions.

## LITTLE RIVER PHILOSOPHER

Philosopher Not Worried Because Rest Of World May Get Our T. V. Programs Too

Dear editor:

Ordinarily more newspapers than magazines turn up out here on this Johnson grass farm but yesterday I found a magazine on the road near my place and took it home and last night instead of watching television I looked it over. A tube was burned out anyway.

There was one article in it that got me to thinking. According to it, scientists will soon whip the problem of sending television across the ocean and before long American television shows will be available all the time to the people of the rest of the world.

Now this writer was worried about this, he's afraid the rest of the world will get the wrong impression of us. "Dare we entrust to commercial television the broadcasting of America's image to the rest of the world?" he asked. "What will barefoot Congolese think of a master of ceremonies on a quiz show bestowing free refrigerators, cash and a multitude of other prizes upon schreeching ladies?"

This is one problem I'm not going to lose any sleep over. In the first place, I don't suppose the Congolese will think any more of it than I do, and in the second place, if those barefoot Congolese sitting around in their mud huts

watching T. V. get unhappy about our material possessions, they could at least sell their television sets and buy some shoes.

If I understand this writer, it's all right for us to have refrigerators and such things, so long as we don't let the rest of the world know about it.

He was worried also about the cultural impression American television will make on the people of the rest of the world. "Do we want Burmese to think that private eyes and Western sheriffs are our national heroes?" he asks.

This displays a considerable ignorance of human nature. Americans watch these shows all the time and they don't think Western sheriffs and private eyes are national heroes. They know, and the Burmese can find out too, that not a one of them ever hit a home run or made a touch down.

I claim the rest of the world is not any better than us and if science is going to bring American television shows to them, they'll just have to face up to it. You don't find us crying to the Burmese to protect us from Russian fall - out, do you?

Yours faithfully,  
J. A.

# Capital Puts On Campaign Dress

By Vern Sanford

AUSTIN — With filing deadline for state offices still more than two months away, the State Capital already is taking on that political campaign atmosphere.

Announcements for office, statewide speaking tours and fund raising dinner plans are setting the stage for the upcoming campaigns.

Only announced candidate for governor, thus far, has been Jack Cox of Breckenridge. Cox will be running in the Republican primary.

As yet, no formal announcement has been made by any Democrat. But the field of probable candidates is growing daily.

Formal announcements by three senators for the lieutenant governor's race assures warm competition for the place left open when Ben Ramsey moved to the Railroad Commission.

Sen. Jarrard Secrest of Temple, Sen. Bob Baker of Houston and Sen. Preston Smith of Lubbock are the announced candidates. There is likely to be GOP opposition for this post as well as at least one other Democrat.

Only thing certain now is that there will be stiff competition for those primary votes on May 5.

**CAPITOL VALUE**

For years, the huge red granite State Capitol, which was paid for with 3,000,000 acres of West Texas land, has been carried on the state's books at a value of \$131.50.

Board of Control has appraised the Capitol at \$9,948,391. They valued the land on which it is located at \$5,143,623. It's not for sale for the total of \$15,092,014. But at least it's on the books right, now.

Incidentally, the old Capitol is getting a refurbishing. Workmen are replacing cracked and splintered panels in the hallways, and removing the old varnish. It will come out lighter and brighter.

**NEW LAWS**

Atty. Gen. Will Wilson quickly plugged one possible loophole in the "Blue Law."

He advised Dist. Atty. Henry Wade of Dallas that a corporation owning two or more stores must close them the same day. One can't open Saturday and the other Sunday. Nor can a store accept orders by phone in advance to be delivered on Sunday.

Wilson also is busy interpreting other new laws, among them the one requiring holders of property for others, except banks, to report it to the state when the owner hasn't been around for seven years.

He advised Treasurer Jesse James that an oil company which holds royalties outside Texas on oil produced in Texas does not have to report it to the State of Texas except that amount held for persons whose last known address was in Texas.

The attorney general expects so much work out of this new law that he set up a special division to handle it.

In another opinion, Wilson held that wiretapping to record phone conversations is not illegal in Texas.

**THIRD ROUND**

In the next few weeks, Gov. Price Daniel will have completed his third round of appointments.

Most of the state's operations are directed by 3 or 9 - member boards, appointed for six - year overlapping terms.

These appointments are made to more than 140 state boards and commissions.

Latest appointments include: David B. Irons, Dallas; Dr. Horace Cromer, Austin; Mrs. H. E. Butt, Corpus Christi and Howard Telesp, Houston, to the Board for State Hospitals and Special Schools; Max Starcke, Austin, and Harry Hornby, Uvalde, to the State Parks Board; and Sam G. Wood, Killeen, and Hatton W. Simpson, Tyler, to the State Board of Pharmacy.

**WATER POLLUTION BOARD**

Governor Daniel named former Rep. Sam Wohlford, Stratford; J.

S. Hudnall, Tyler, and C. G. Shigley, Freeport, as public members on the new State Water Pollution Control Board.

Board of Water Engineers Chairman Joe D. Carter, State Health Commissioner J. E. Peavy, M. D. and Gae and Fish Executive Secretary Howard Dodgen, or their alternates, will compete the board.

In the future, no one may discharge waste of any kind into or adjacent to the public waters of Texas, or the Gulf of Mexico, without a permit from this board.

Unfortunately this board was handed a big job but no operating money. Governor Daniel will ask the Legislature, at a special session in January, to provide some expense money for it.

**REPORTABLE DISEASES**

Reportable diseases in Milam County for the week ending Nov. 11, 1961 were 23 strep throat, two measles, three gonorrhea, one Encephalitic Hepatitis and one Infectious Hepatitis according to Dr. T. E. Crump, acting director of the Milam County Health Department.

**In The Service**

MEDITERRANEAN (FHTNC) -- Charles W. Janke, radarman seaman, USN, son of Mr. and Mrs. Walter M. Janke Sr. of Rt. 1, Buckholts is serving with the Sixth Fleet in the Mediterranean aboard the destroyer USS Ault.

# Outdoors In Texas

By Vern Sanford

Decades ago all snakes were thought to be harmful. Since then snake experts have proven that this is not so. There are good snakes and there are bad ones.

Outdoorsmen, tramping the woods and fields of Texas -- fishing the rivers and lakes, come across many snakes. To kill or not to kill is the question!

Poisonous snakes, although they do play a beneficial role in the wildlife scene, should be destroyed. They are a constant source of danger to man and domestic animals.

Non-poisonous snakes, however, should be left unmolested.

Snakes, both poisonous and non-poisonous, play a key role in keeping rodent populations from running wild. Rats and mice both carriers of diseases that can be passed to humans, constitute the bulk of the diet of most snakes. Eliminate all snakes, and the fields soon will be overrun with rodents.

There are four kinds of poisonous snakes in Texas -- rattlers, copperheads, cottonmouth moccasins and corals. All are deadly, but not to the same degree.

Rattlers constitute the greatest danger because they are the most plentiful. They are also the largest snakes found in the state.

Texas has a number of species of rattlers, ranging all the way from the big diamondback -- the largest -- to the smaller size canebrake rattler.

Moccasins and copperheads come next in abundance.

While the coral snake ranks last, numerically, that doesn't mean that the coral is the least deadly. Fact of the matter is, the coral snake's poison is much more toxic than that of the other species.

Because of the construction of the coral snake's mouth and jaws, it has great difficulty in biting anything much larger around than a finger or a toe. Furthermore, it injects its poison not through fangs but by chewing on the victim.

It would take far too much space here to describe each of the poisonous snakes and list their general areas in the state.

However, you can get an excellent description of them in a booklet published by the state. We'd suggest you write for it.

This booklet has pictures of the many species of snakes in Texas. It lists their characteristics and includes maps showing the counties they inhabit. You may obtain one free by writing the Texas Game and Fish Commission, Walton Building, Austin 1, Texas.

Everyone who roams the woods or waters should be constantly on guard against snakes. Naturally one's chance of coming upon a snake is much greater in the warm weather months than in winter.

However, don't let your guard down in the winter.

Snakes are supposed to den up and hibernate in the winter. But I've come across some lively rat-

## MAYOR'S PROCLAMATION

Whereas the strength of America and the greatness of Texas was founded and has thrived upon individual and mutual contributions by agriculture, labor, business and industry; and

Whereas these groups contribute greatly to the prosperity of this area and to the well-being of consumers throughout the state and nation, and

Whereas a greater recognition of the interdependence between agriculture, business, labor and industry will lead to a better mutual appreciation of the contributions of each;

Now, therefore, I, Coleman Duncum, Mayor of the city of Cameron, Texas, do hereby designate the period Nov. 17 - Nov. 23, Farm - City Week in Cameron, Texas, to be observed as an integral part of National Farm - City Week.

Frequent local groups, civic clubs, and farm organizations to emphasize the interdependence between the family farm and the city in their programs at meetings; in discussions, exhibits, pageants and whatever other means will strengthen the ties and increase the appreciation of the value of these contributions to the welfare of the city of Cameron, Texas and the surrounding area by agriculture, labor, business and industry.

IN WITNESS WHEREOF, I have hereunto set my hand at the City of Cameron, this 3rd day of November in the year of our Lord nineteen hundred and sixty-one.

Signed Coleman Duncum

tlers and moccasins on near-freezing days. So be prepared for the nonconformists!

Knee-length heavy boots should be worn every time you go into the field.

Don't step into brush piles without looking first. Better still, poke through the brush pile beforehand, with a long pole.

Snake coloration is camouflage at its best. Often you can look right at a snake and not recognize the presence of the reptile until it moves.

Snake stories are legion -- and most of them are exaggerated. The one about people being attacked by snakes is undoubtedly the biggest yarn of them all.

Cobras are known to attack humans. But the only cobras you'll find in the U. S. are in zoos. These snakes are native to Africa and the Far East.

Just because a snake strikes at you doesn't mean he's attacking. I know an outdoorsman who has had snakes strike at him on three different occasions. He could say he was attacked. But actually they were defensive moves on the part of the reptiles.

Two snakes struck at him because he carelessly stepped on them. One, a rattler, missed. The other, a moccasin, scored. But the snake's fangs failed to penetrate the man's boots.

The third strike was from a diamondback rattler.

This snake was cornered. The

man teased the snake with a long pole, to note its reactions. Finally the snake "charged." The man got well out of its way and the snake made a "slither-line" to escape. It did attempt a half-hearted strike as it passed near the fellow.

In neither case could you really say they "attacked."

Sure, they come out on warm sunny days. But the only snakes you'll find lying around in the sun will be dead ones. They can't survive direct sun heat very long.

When the sun is beaming down strong and hot, the place to be wary of snakes is in the shade where it is relatively cool.

Snakes are nocturnal. So be careful when moving about in the wilderness after dark.

If you have a camp out over night, pitch your tent where the ground is bare. If you are in a country where the snake population is known to be great, take along a can of snake repellent. Several chemical companies now make sprays that are supposed to keep snakes at their distance.

Regardless of how careful you may be there always is a chance of being bitten by a poisonous snake. So carry a snake bite kit on all outings. You can purchase one in any sporting goods store or drug store.

Next step is to memorize the directions. Don't wait until you have been bitten to find out how the kit should be used.

## Funeral Services Conducted Sun. For Mrs. Butts

Funeral services for Mrs. Emma Hollingsworth Butts, 92, were held 2:30 p. m. Sunday from the First Presbyterian Church.

The Rev. Eugene Strickland, pastor of the First Presbyterian Church officiated assisted by Rev. A. F. Russell. Burial was in Little River Cemetery. Green Funeral Home was in charge of arrangements.

Mrs. Butts was born near Cameron October 16 1869 and was a life long resident of Milam County. She was married to N. H. Butts, moving to Cameron in 1905. Butts preceded her in death 25 years ago, Nov. 11.

Mrs. Butts passed away at the home of her daughter, Mrs. Hollis Erwin, Friday. She was a member of the Order of the Eastern Star and the Presbyterian Church.

Survivors are four daughters, Mrs. Ernest Smith of Austin, Mrs. Rolf Kronenwerth of Houston, Mrs. Hollis Erwin and Mrs. H. H. Chamberlain of Cameron; one son, E. L. Butts of Borger and seven grandchildren.

## Dear Sister:

Dear Sister

I see by the papers that the new styles will be "new shape, more shape." Boy, now that's for me. Why, I've got more shape than the stylists ever thought they would have to put in one dress at any one time.

But, goodness, I don't have to tell you about my shape. Me, that was born the biggest child our mother had and most of the time have stayed that way!

You remember the terrible twenties? Those were the lean years, money - wise, not waist - wise. All the girls were flat, both back and front, and I had to be blessed with a very feminine figure. Their hair was lank, their hats pulled clean down to their shoulders, making for a lean look. Indeed, they were striving for, and all but one (me) had the pencil-type shape. They didn't have to fear they would ever be hanged by those long beads they affected. Those girls were too skinny to hang, they would just slip through. They surely had nothing to have the big head about.

You remember when we were young marrieds, living in Beaumont? One of the stores had a dress sale. Buy one and get a second one for a dollar? Money-wise, we were lean. We went down to see if we would stock up. But, golly, we saw how we stacked up. Instead, neither one of us could get our hips into any dress, much less two. The only fit we saw that day was the one my husband had for making him babysit so long. Yep, the twenties found me twenty and on the road to a size twenty.

The St. Monica's Ladies Society met Nov. 7 in Simon - George Hall with Mrs. A. E. Matula, vice-president, presiding. The Rev. John Geiser led the opening prayer.

Mrs. Frank Hanel and Mrs. David Shapiro gave a report on the Cameron district meeting held in Bryan recently. Other members attending this meeting were Mrs. Pete Mikula, Mrs. George Hollas and Mrs. Louis Hollas.

Committee reports were given, and announcements were made to purchases a new Papal flag for the church and to donate clothing for the underprivileged in this community during the Bishop's Thanksgiving Clothing Drive to be held Nov. 20 - 25.

The next meeting will be Dec. 5 for the selection of new officers for 1962. Mrs. Frances Sheguit is chairman of the nominating committee with Mrs. Henry Schattle, Jr. and Mrs. Albert Michalka assisting.

a consolation -- the figure isn't so bad for the age.

And the fifties. And sister, when you get to be fifty, you do get into a shape. Now even a sack is helpful. You got it, and it's there to stay. It's shocking to hear people mention 1 and 18 inches as a measurement and learn they are talking about waists and not thighs.

The papers might quote the stylist, "new shape, more shape," and it's new on me. I'm fast becoming out of shape and am in no shape to buy a new dress any

shape.

Shapefully yours,  
Sister.

## Research Aids In Developing New House Plans

COLLEGE STATION — Extension research has been done in recent years on Southern housing. Researchers have been trying to find out what people want in housing, why they want it, how much space is needed and how to plan for it. They have also considered the materials, type of construction, details of construction, soil, site and numerous other factors related to housing.

The Texas Agricultural Experiment Station and the Texas Agricultural Extension Service have begun a series of joint publications designed to give these research findings to homemakers and home builders.

First in this series is a plan for a moderate - sized home. Three bedrooms, living room and bath were planned around the needed storage units. Space in this house was planned for moderate clothing needs with two persons per bedroom. Central linen storage was placed at the end of the hall servicing the three bedrooms and a bath.

For the kitchen, a U-arrangement was selected. A dining area, laundry area and children's play area were selected to go with the kitchen arrangement.

The purpose of the plan is to show the contractor or home builder how research for this study plan have not been developed by the researchers, but may be developed by any competent engineer or architect. Unlimited possibilities exist for adapting this plan to personal preferences.

A copy of this plan may be obtained from the local county agent. Ask for a copy of L-543, "Moderate - sized House plan for Southern Living."

A. T. Swanzy is attending the State Farm Bureau Convention in Galveston.

## Veterans Advised

## To Report Any Increased Income

Veterans receiving pension may save themselves inconvenience, embarrassment and money by notifying the Veterans Administration immediately when there is an increase in their annual income. This does not apply to veterans receiving compensation for service-connected disabilities.

P. J. Mims, Manager of the VA Regional Office in Waco, said the amount of a veteran's pension is based on his income and the number in his family - his wife and children. If any of these factors change, his pension may change.

If the veteran receives additional income raising his total annual income or if he inherits money or sells property of material value, the facts should be reported at once to the VA, Mims said.

For the same reason, should the veteran return to work, or should his family status change, such as divorce or death of his wife, marriage or death of a child, the birth of child, or the marriage of the veteran, the VA should be advised immediately.

Failure of a veteran to report income above the legal limits may result in VA overpayments to him, Mims pointed out, and the veteran may be required to return all pension payments back to the first of the year.

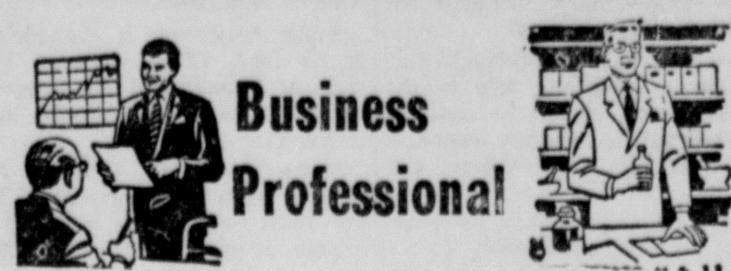

However, if the veteran notifies the VA promptly of an income increase above the statutory limits, the VA will adjust or discontinue pension payments for that year and no overpayment will result.

**BOTH** were mere "pups" when they met. Their friendship was instant and lasting. They know how to "talk each other's language." Each in his own way is the benefactor of the other. Their companionship endures.

Doesn't this reflect the kind of friendship God wants with man — and that man *should* want with God?

Surely God was the first to believe that the way to have a friend is to be one: "Greater love hath no man than this, that a man lay down his life for his friends." Have you responded to God's call for friendship? Can you meet His test: "Ye are my friends if ye do whatsoever I command you"?

The best of God's friends are in His house of worship, often. They possess a sense of unworthiness to be called "the friends of God." But each time they engage in worship they gain a clearer understanding that friendship with God is evidenced by love and service for their fellowmen.

Associating themselves with the needs and burdens of others, they find association with Him who said, "Even as ye did it unto one of the least of these my brethren, ye did it unto me."

Why not decide *now* that you, too, will be a *true* friend of God?

## Services For Mrs. Richter Held Friday

Funeral services for Mrs. F. O. Richter, 90, were held 2:30 p.m. Friday.

The Rev. John Pietsch officiated from the Hope Lutheran Church with burial in Blinka Cemetery. Green Funeral Home in charge.

Mrs. Richter was born in Washington County, Oct. 27 1881 and moved to Buckholts as a young woman. She married F. O. Richter in 1903. She died Thursday following a fire accident at her home in Buckholts. A member of the Lutheran Church, she has been a faithful church worker for 48 years.

Surviving are her husband, F. O. Richter of Buckholts; four sons, Fred Richter of Houston, Wayman Richter of Burlington and Milton and Herman Richter of San Angelo; five daughters, Mrs. Noma Zalesky of Cameron, Mrs. Lorene Vybral of Temple, Mrs. Ruby Tomasek of Buckholts, Mrs. Tony Luska of Ft. Worth and Mrs. Ellamac Lubbard of Lander, Wyoming; five sisters, Mrs. John Eichler of Roundtop, Mrs. John Schwertner of Schwertner, Mrs. Mary Miller of Brenham, Mrs. Leona Krugman of Waco and Mrs. Max Dnooth of Vernon. Also 26 grandchildren and 39 great grandchildren.

Palbearers were Albert Vybral, O. J. Tomasek, Wayman Richter, Lawrence Richter, Jimmy Admire and Henry Vaculin.

## American Flags

### Available For

### Deceased Veterans

American flags now may be obtained without charge for deceased veterans of Mexican Border Service as a result of a law passed by the 87th Congress, the Veterans Administration has announced.

The flag may be given to the next of kin or close friend of the deceased after the funeral. P. J. Mims, Manager of the VA Regional Office in Waco said.

Principal beneficiaries of the new law are an estimated 25,000 members of the federalized National Guard who were mobilized following the Presidential calls of May 9, and June 18, Mims explained.

Unlike veterans of the Spanish-World War II and the Korean Conflict, as well as certain peacetime veterans, no provision had existed until now to furnish flags to those who had served on the Mexican border.

During the fiscal year which ended June 30, the VA issued 143,260 burial flags. During the 10-year period from 1951 to 1961, requests for flags have increased from 81,000 annually at a rate of between 4,000 and 5,000 a year. Approximately 300 such flags are issued annually for veterans in the Central Texas area served by the Waco Regional Office.

Flags may be obtained from VA offices and approximately 15,400 post offices in the United States. Through arrangements with the State Department, approximately 300 embassies, legations or consular offices in foreign countries also issue flags to U. S. veterans.

## Minister Visiting

### Jehovah's Witnesses

N. W. Olson, minister of Jehovah's Witnesses is spending the week with the Cameron congregation following a prearranged itinerary of serving 18 congregations in central and south Texas. His visit concludes 3 p.m. Sunday with the discourse, "Where May Real Security Be Found."

A special schedule of meetings is arranged for the week with Tuesday evening at 7:30 the Theocratic Ministry School and Service Meeting and Saturday at 8 p.m. a program of special training will be held.

## Peace Corps Exam

### Scheduled Here

Postmaster John R. Hays announced today that the entrance test for the Peace Corps will be given on Tuesday and Wednesday, November 28 and 29.

Within a few days information showing the place and time for the examination in this area will be posted on the bulletin board of the local Post Office, including other locations if any.

If you are interested in taking the test, be sure and watch for complete information at your post office.

## PM

Sgt. Bobby H. Powell, Co. C 49th Armored Division has been selected to be sent to the NCO Academy at Ft. Sill, Oklahoma. He was visited this weekend by his wife and baby, Mrs. Linda Powell and Karen of Austin and his parents, Mr. and Mrs. Hugh Powell of Cameron. Upon completion of the six weeks course at Ft. Sill, he will return to Co. C at Ft. Polk, La.
